

## CARA Annotation Services

### Annotations directly embedded in CARA

Open a document for annotating directly inside your CARA window, and work with colleagues on a real-time review of documents

### Features

- Inline within CARA
- See other's annotations as they are done
- Full set of annotations (text, strikeout, drawing tools)
- Comment and reply to each other's comments
- View annotations without opening the document in the CARA Annotation Manager (across multiple documents at once)
